Shipping labels and direct-thermal receipt grades

06

Laminating Film

Hot and cold protective films

07

Inkjet Canvas

Coated cotton-polyester canvas for fine art

CUSTOM OPTIONS

Sheets, rolls and packaging

Ask about custom weights, finishes, dimensions, adhesive systems, back printing, bags, boxes and outer cartons.

Turn requirements into finished goods.

Use our production platform to configure materials, formats and packaging around your sales channel and target market.

01

Specification matching

Select an established grade or define a development brief around the required printer and application.

02

Custom converting

Specify sheets, rolls, jumbo rolls, widths, lengths, cores and finished packing formats.

03

Private-label packaging

Prepare inserts, bags, boxes, labels, back printing and export cartons for your brand.

04

Production and delivery

Approved specifications move through coating, inspection, packing and export preparation.
